

Dear Chapel Coordinator,

Are you looking for ways to challenge and inspire your students to a deeper walk with Jesus? We know you have a number of options from which to choose. As you begin thinking & praying about your chapel schedule, please consider us as one of those options.

Below you'll see some descriptions of the messages we offer. You'll also find some comments we've received from folks along the way as well as a list of Christian schools we've visited over the past 5 years. Our heart & passion is to see students experience the lasting freedom and 'life to the fullest' that Jesus offers. In a culture where "anything goes," we tackle difficult "hot topics" in a relevant way with Biblically based messages. We also strive to be real & authentic as we share some lessons we've learned along the way.

The best news? We will work with your budget. We believe so strongly in the transformational messages we share, we won't let funds get in the way! Contact us if you have any questions.

OPTION #1:

Title: Forgiveness Formula

Topics: Forgiveness, When Bad Things Happen

Based on CJ & Shelley's book titled, "Forgiveness Formula: Finding Lasting Freedom in Christ" this seminar series is packed with powerful life lessons, applicable to anyone. Ideal for a Spiritual Emphasis Week, here's a breakdown of each session:

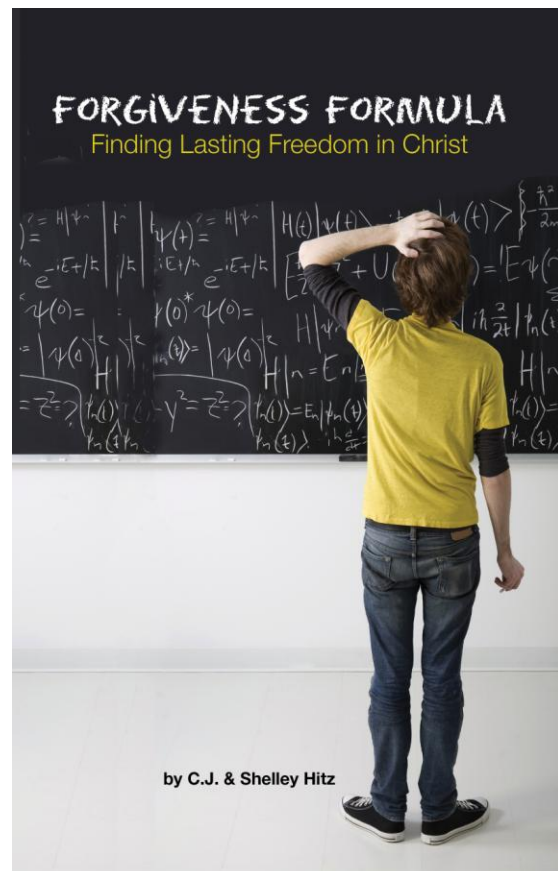

Session #1: – "The Forgiveness Formula Intro" - Based on Luke 6:20-49, CJ shares his personal stories of how Jesus' way of doing things really does add up to real life.

Session #2: – "Power of Forgiveness" - Shelley shares the powerful story of her Grandma's murder and the path Jesus took her down to forgive her Grandma's second husband (her murderer). Prepare to be challenged and changed through this seminar.

Session #3: – "Overcoming a Distorted View of God" – In this presentation, Shelley will challenge you as you face the view of God you currently hold.

Session #4: – "Is Jesus Fair?" - If Jesus was a math teacher in one of our schools or universities today, he would be fired. In this talk, CJ explores the question, 'Is Jesus fair?' As we take a look at several 'weird math' snapshots given to us by Jesus, you're sure to be given a fresh perspective on fairness.

(Optional) Session #5: – "The Tomb is Empty So You Don't Have to Be" - Emptiness isn't always a bad thing. In this message, CJ looks at the resurrection of Jesus as the primary means by which we can attain the FULL life Jesus offers. Though we live in an empty world, we can be full of the very thing that fueled Jesus as he walked on this earth 2,000 years ago.

OPTION #2:

Title: Media Talk 101

Topics: Media Choices, Holiness

The **Media Talk 101** seminar approaches the subject of media with an **emphasis on following Jesus** and gaining wisdom from His example, the instruction of Scripture and the guidance and power of the Holy Spirit. CJ uses a Power Point presentation geared to be both inspiring and convicting.

Recent studies have shown...

- Media to be the #1 influence in the lives of many American teenagers today?
- Teens spend an average of 8.5 hrs each day interacting with various media forms
- 90% of children 8-16 yrs old have viewed pornography online
- By the age of 6 years old, the average American child will have spent more time watching television than they will speak to their parents in an entire lifetime?
- Over 2 billion videos are watched each day on YouTube

The **Media Talk 101** seminar can be done in a variety of ways such as:

- One 60-75 minute session
- Broken into 2-3 sessions tailored to your schedule (Spiritual Emphasis Week/Day)
- 75 minute Parent session
- *Optional:* Guys/girls breakout sessions as described below

OPTION #3:

Title: The Rollercoaster Ride of Sex Outside of Marriage

Topics: Sexual Purity, Pornography, Body Image/Self Esteem

Everyone: *"The Rollercoaster Ride of Sex Outside Marriage"* – Shelley speaks honestly from her own past to challenge teens to sexual purity and ultimately abstinence. Using powerful illustrations and that are backed with scripture, Shelley shares from her heart.

Guys Session: *"Wake Up Guys! Standing For Purity in a Sexually Compromised Culture"* - This talk challenges guys of all ages to go against the grain of popular culture in the area of sex. CJ is able to relate to guys as he gets real on the subject of pornography and its effects on this generation. It's time to stand for purity in an age of compromise. Ideal when doing guy/girl breakouts.

Girls Session: *"Find Your True Beauty"* - This seminar challenges girls to ask the question, "What is true beauty?" and focuses on finding true beauty in Christ. Shelley will also speak about body image and self esteem issues. Ideal when doing guy/girl breakouts. Check out a few of these stats...

- 24% of women would sacrifice 3 years of their life to be thin
- Girls as young as five have expressed fears of getting fat and
- 90% of high school junior and senior girls diet regularly even though only between 10-15% are considered overweight

True
Beauty

What Others Are Saying:

"CJ and Shelley brought a powerful message challenging us to take practical steps toward the holiness for which God has created us. I especially appreciated the breakout session in which CJ spoke very candidly with the men (and young men) about the need for purity with regard to pornography and for protection with regard to creating a safe environment for our daughters. The women of the church were blessed as Shelley spoke tenderly about God's pure love for each of them. Through this one Sunday event, hearts were open to healing and families were challenged to set new standards for the media soup in which they daily swim."

Pastor Kevin Pees,
Senior Pastor, Good Shepherd United Methodist Church
Benton Ridge, Ohio

"Excellent material...I heard some students saying it was the best chapel we've had all year."

Ron Rightnower
Admissions Director - Toledo Christian School
Toledo, OH

"After I left the conference I was different. I was able to forgive the things that I held onto. When I got home I cried and cried. It helped me so much. I burned my suicide note that Sunday. I am reading that book you gave me. I just wanted to say thank you for the things that you helped me with. You really spoke to me. Really got me thinking. I don't cut anymore. I get up with a smile all because you set down and actually listened to the things I had to say. And that means the world to me. So thank you..."

Jodi, student

"CJ and Shelly did a great job at our summer work camp. Not flashy or high maintenance, they are just a couple who genuinely care, have hearts for ministry and a desire to jump in and serve. "The Mathematics of Jesus" was a perfect fit for our evening program. Teens were reminded of the merits of serving, yet also challenged to grow in their faith. Each session was packed with the teachings of Jesus and reinforced with personal stories and humor. It's easy for speakers to get upfront and "say the words", but CJ and Shelly lived them out during the week. Visiting worksites, basketball in the gym, dinner table conversations and one on one prayer times, are just a few ways they demonstrated that life with Jesus truly adds up to a full life. I highly recommend CJ and Shelly and "The Mathematics of Jesus" series for your next event."

Chris Bumbaugh, Evening Program Coordinator,
Chambersburg Project 2010

"I wanted to thank you for your ministry and the hard work that you both do. The kids are still talking about what you spoke about and how they have been duped by the media. I know how the hold of the media can put a hold on a person and the struggles one goes through to change himself."

Jim
Teacher, Calvary Chapel Christian School
Moreno Valley, CA

"You recently came to my school and I just wanted to thank you for coming again, I really enjoyed your message and it's very relevant to many kids. I would like to thank you again and encourage you to keep speaking to kids about this subject. Hope everything goes well in the future."

Matt – Student, Emmanuel Christian School
Toledo, OH
